## Wedding Photography Packages Water's Edge at Sheepscot Harbour Resort

Our brides and grooms always have special ideas for wedding photography. That's what makes a wedding so much fun, and so personal. Here you will find packages to which you can add printed albums, along with photographs for wall display and gift giving. We are happy to customize packages for YOUR special day if you need different services!

A magazine-style proof book allows you to show off your beautiful photographs to family and friends. You receive all images along with a Rights Release, and your photographs are hosted at our on-line gallery for a year.

We've priced our photography coverage for the special couples who book their weddings at Water's Edge at the Sheepscot Harbour Resort. Our photography starts with a single photographer with on-camera flash. Years of experience means we'll deliver exceptional memories of your special day, but we recommend you include an assistant for two pairs of hands and two pairs of eyes to make sure everything is perfect for your photographs! And you receive our unique portrait-style lighting when you include an assistant.

We will select a wonderful photographer for your wedding for this coverage. We do our best to honor requests for a specific photographer.

Add a **second photographer**, along with other services, from our [Wedding Albums and Add-Ons page](#).

**Value coverage includes coverage by a single photographer, with final images edited for quality and retouching included for portraits.**
